Outbreaks and Epidemics

Dec 28, 2021

Melinda Suzanne Fortin Sparks

has successfully completed the online, non-credit Specialization

Epidemiology in Public Health Practice

In this specialization, participants learned to discuss and use the epidemiologic toolset to measure the health of populations, assess interventions, collect and analyze public health surveillance data, and investigate disease outbreaks.

Keri Althoff, PhD

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
